Jon, I received your annual report today and am completely “WOWED” with your operations. You, your staff, residents and commissioners deserve a big applause. I compliment and celebrate your accomplishments.

Well done

Jon

I just read the 2011-2012 Annual Report of the St. Paul PHA and I want to congratulate the PHA on 35 years of outstanding service to St. Paul. As you know, I was the PHA General Counsel back at the time of its 5 year anniversary (my how time flies!) and I am very proud and honored to have served your mission. At that time I learned about the difference the PHA makes for thousands of St. Paulites, and I have been profoundly thankful for it ever since.

Please convey my congratulations to Tom Redding, Al Hester and anyone else at the PHA who may still remember me, with my thanks for a job well done.
